<b>1</b>	<b>GENERAL INFORMATION</b>		
<b>1.1</b>	<b>Nature of academic linkages</b>		
	To share practical knowledge of PLC modules.		Acquire hands-on training of different electronic digital industrial automation circuits.
	To share academic knowledge between faculties.		To bridge the gap between industrial needs and academics.
<b>1.2</b>	<b>Name of proposed partner institution/educational provider</b>		
	Mr. Bhavesh Ahire ( Director) Logixonn Industrial Automation and Web Application		
<b>1.3</b>	<b>Sector (i.e. public/private)</b>		
	Private		
<b>1.4</b>	<b>Location of partner</b>		
	Shop No. 20, Sai Bazaar, Bhaygaon Road, Near Ravalgaon Naka, Malegaon Camp, Dist. Nashik-423105.		
<b>1.5</b>	<b>Description of linkages</b>		
	The purpose of this linkage is to gain the basic knowledge of PLC module programming, and its hands on training for UG Electronic Science students from the linked institution.		
<b>1.6</b>	<b>Rationale for linkages proposal (including appropriateness to Mission/Strategic Plan and benefits to each party, i.e. School, College, Industry, and linkages Partner)</b>		
	The proposed institute will get the student data base for admission to various paid certificate courses run by it. This linkage will help to bridge the technology gap between industrial needs and education.		
<b>1.7</b>	<b>Background details on the proposed partner</b>		
	Include, as applicable, size of institution (students/staff); nature of business; the local educational context, operating environment. Details of any current/previous linkages relationships.		
	The proposed linkage institute is Malegaon city based institute established in 2017. To fulfil the industrial needs of the students, it runs various Certificate Training Courses for the Science and Engineering students on PLC programming, SCADA, Web designing & development, Android App development, C, C++, JAVA, HTML, VB.Net programming, and		

	industrial automation for the students from across Nasik district. The institute has the following facilities.
<b>1.8</b>	<b>Host College/Department</b> Department of Electronic Science, M.S.G. Arts, Science and Commerce College. Malegaon Camp. Dist. Nashik-423105.
<b>1.9</b>	<b>Information, publicity, promotional activity</b> Please outline advice given to the partner with respect to promotional material using the College name and/or logo  The linkage institute is advised not to use college logo and name for its vested interest. The College name and logo would only be used by the linkage institute only for promotion of educational activities. Both institutes will take care that no harm will reach to their name and fame.

<b>2</b>	<b>Evidence of Demand</b> Explain the likely demand for the proposal, for example, research, Faculty/Students exchange, and the outcome of such investigations/activities.  Our college has funding limitations for purchasing the state-of-the-art electronic instruments that are needful for giving electronics industrial and practical training to the students. So, by making such type of linkage we will be able to fulfil the needs of the students so that they will cope with the demand of trained engineers by the electronics industry.
<b>3</b>	<b>Resource Implications</b> Indicate funding or resource implications of the proposal, for example: including academic and non-academic staffing; library; information technology or any other resource implications.  No additional library, funding and teaching and non-teaching staff is required for this linkage. The present resources are sufficient.

(Documentary evidence in relation to all of the above, where appropriate, should be obtained and provided by the College proposing the academic collaboration; for example, information can be sought on proposed partners from the concerned institution/industry)

1.5	Description of linkages
	Mahatma Gandhi Vidyamandir is a pioneering educational institution established by Karmveer Bhausaheb Hiray in 1952. MSG Arts, Science and Commerce College, Malegaon Camp, Nashik was established under the edges of MG Vidyamandir in 1969. The linkages have been established for the educational benefit of the students. The students in the public library will be enlightened by the faculty of the English Department. They will be prepared for MPSC/UPSC examination. The library students are trained in English grammar, Communicative competence, confidence building, personality development, preparing for viva-voce etc., The public library will give access to the college students to attend educational as well as cultural programs and to improve their reference skills.
1.6	Rationale for linkages proposal (including appropriateness to Mission/Strategic Plan and benefits to each party, i.e. School, College, Industry, and linkages Partner)

o/c  
 Received a copy for  
 NOAC 21.06.22

 (Dr. Marathe)

The rationale behind this linkages is straightforward- 'educational benefits of the students of both the sides'. The economically weak, promising students of the public library will be guided by the English Department faculty freely at the same time the students of the department will get the opportunity to learn the reference skills and get the access to attend qualitative educational and cultural programs of the public library.

1.7 Background details on the proposed partner  
Include, as applicable, size of institution (students/staff); nature of business; the local educational context, operating environment. Details of any current/previous linkages relationships.

The public library is located in Malegaon Camp. The library has been imparting services for last several years. It has been shaping the young minds with Cultural touch. The 'rurban' students have been utilizing the library services. They belong to lower income group. They are promising but economically unable to attend the MPSC/ UPSC classes. The Department of English recognised their needs and planned to help them by establishing this linkages. At the same time the Department of English has planned to help the department students by helping them by not only getting access but training in reference skill.

2 **EVIDENCE OF DEMAND**

Explain the likely demand for the proposal, for example, research, Faculty/Students exchange, and the outcome of such investigations/activities.

	The library students inability to enrol for competitive classes. The department students lack the practical knowledge of the reference skills which is very much necessary in research attempt. Therefore, the department has decided to form cordial educational linkages with the public library. The outcome of this linkages is expected to be the mutual educational benefit of the students.
3	<b>RESOURCE IMPLICATIONS</b> Indicate funding or resource implications of the proposal, for example: including academic and non-academic staffing; library; information technology or any other resource implications.
	The departmental resources such as the laboratory, the faculty etc., the library resources include books other than English, the trained staff to inform about reference skills, the frequent educational and cultural programs, etc., are to be forced into practice.
